

RCSU (NW) CAF Engagement

TECH TALKS

Wednesday, 27 March 2023

Featuring Equipment Technical Quarter Master Sergeant

“Tech Talks”

An interactive online presentation featuring CAF members at their workplace, often technicians, introducing cadets to their trade, and demonstrating tools of the trade or common equipment.

ETQMS is the person that runs the ‘TEME show’. Our guest presenter is the Senior Non-Commissioned Member at Mission Support Squadron, responsible to ensure all the technicians have the resources and support required to meet their production objectives. ‘The ET’ has years of experience that they rely on to coordinate personnel, equipment, and scheduling so that the rest of the maintenance team can complete their own individual tasks. The ETQMS is a motivational team leader who the technicians rely on day-to-day. Cadets are free to ask any questions they like, about *any* of the tech trades!
